Is this
the game
or the
TV show?

Only AlfredTM
knows for
SURE.

And he's not talking. So you'll just have to find out for yourself in Konami's *The Adventures of Batman and Robin* video game. The new megablockbuster for your SUPER NES[®]. Plunge into the underworld of *Gotham City* and battle the *Dark Knight's* archenemies through 8 sinister levels. Each based on actual adventures from the animated TV series. Strap on Batman's utility belt and choose his weapons wisely. Cause you'll need more than fast fists to make it to the next crime scene alive.

Hurl a gas grenade and crack up *The Joker* on a lunch-losing roller coaster ride. Launch your *Batarang* and prune back *Poison Ivy* in her evil greenhouse. Then unleash your plastic explosives to unstuff the *Scarecrow's* plans to strike fear into the populace. Follow the *Bat Signal* to Konami's *The Adventures of Batman and Robin* video game. It's all the nonstop action of the animated TV series. Without all those annoying commercials.

GO WEST YOUNG MAN, AND BLOW AWAY ANYTHING THAT MOVES.

In the Old West, gun fighters let their guns do the talkin'. Now you can pack one that just won't shut up. **Lethal Enforcers™ II: Gun**

Fighters™. It's all the gun blazin' action of the smash hit arcade game, fired up for your SEGA™ Genesis™ and SEGA CD.™

Blast your way through five lightning fast levels. Aim for the heart to drop scum in their tracks. Draw your six-shooter and serve up some hot lead to ruthless bank robbers. Grab your Gatling gun and flush out a gang of grubby bandits.

And, if you're still standin', empty your shotgun into an evil shaman and his band of creepy, skeletal

ghouls. Never mind the stench, son.

So reach for your guns and see if you got what it takes to make Deputy Sheriff or U.S. Marshall. But watch yourself, pardner. 'Cause you'll need a sharp eye and a quick trigger finger to dodge all them flaming arrows, cannonballs, skulls, tomahawks and powder kegs those crusty

varmints are a-throwin' your way. And mind the innocent townsfolk and Holsteins. Shooting them will cost you.

Let the bullets fly and the bodies fall in Konami's **Lethal Enforcers II: Gun Fighters**. One false move and the buzzards won't be goin' hungry tonight.

renounced himself on Earth, and is gathering weapons of death and destruction, so that he can bring untold suffering upon us mere mortals! Penciler/co-plotter Ron Frenz said that Seth is truly a god to be reckoned with. "In this story we establish the power of Seth. Bloodaxe gets his head handed to him in the fight, and he comes to Eric to ask for help in beating this guy!"

Ron said that **THUNDERSTRIKE #17** "leads into one of the more offbeat team-ups of the year" in the next issue as Eric and Bloodaxe join forces to take

us to [illegible] the differences and similarities between Thunderstrike and Bloodaxe in preparation for the big epic storyline that is to come. That storyline which will run until issue #25, will culminate in the long awaited revelation of Bloodaxe's true identity!

Writer Tom DeFalco guarantees plenty of action! "Ron and I pulled out all the stops on this one. It's not the usual quiet, slow-paced, subtitled material people have come to expect from us!" The ink for **THUNDERSTRIKE** is Al Milgrom.

ment — Lynn Michaels the butt kickin' eddy Punisher who is hot on the trail of Frank's War Journal. But Lynn's not the only one who wants the journal — a host of bad guys are in search of it, too, including the Trust Termins, VIGIL and Heather!

Editor Don Daley raved about this issue, starting with this cover, a Mark Texeira painting which is an homage to a Mike Zeck

cover from the first PUNISHER limited series. Don promised, "The cover leaves no doubt that this is a female Punisher! Little boy will be out of control!"

Don feels **WAR JOURNAL #75** offers something for every one. "Everyone who used to like the Punisher is going to like this issue. And people who never liked the Punisher are gonna like this issue!" The creative team for **PUNISHER WAR JOURNAL** is Steven Grant and Hugh Haynes.

Don concluded by noting that there has never been a better time to climb aboard the Punisher's war wagon. "A lot of big stuff is coming down!"

ITEM! It's a fight to the finish between Thor and Loki in this month's issue of **THOR** and this time, Loki wants to end this sibling rivalry for good.

The action kicks off in the pages of **THOR #483**, on said next week, when Thor pays a visit to Loki's castle on a quest to find out the truth about his former alter ego Don Blake. It turns out Loki is the wrong guy to ask, but since Thor doesn't visit very often, the God of Evil decides to use this opportunity to seek revenge on his hated half brother! (You'll never guess which mystery villain is really responsible for the Don Blake impostor!)

Writer Roy Thomas promised that the mystery of Don Blake will be resolved once and for all in **THOR #483**. Roy summed up the issue as follows: "There's a big battle with Loki in his new battle armor, the fine secret of Don Blake, and an amazing surprise at the end!" The artist for **THOR #483** is M.C. Wyman.

Dear Beavis & Butt-head,

In your comics you should like, fart more often. Farting is like cool. Huh-Huh. Talking about farting you should, like, pin Stewart to the ground and fart in his face until he gives you naches or a bunch of money. I bet Beavis has never scored! Huh-Huh-Huh-Huh! Butt-head kicks ass. He will probably like = score! I gotta go, but, like remember to take a dump on Mr. Van Driessen's front porch. I hope he like, steps in it. Huh-Huh!

Yo, Beavis and Butt-head

I thought it was cool when you beat the crap out of each other, kinda like Martial Kombut. But what you should do is beat the crap out of Stewart. Kick him in the nuts and stuff. It would be cool if you shot Barry in the butt with a slingshot, too. I have always wanted to run him through with a pitchfork. (Huh-huh, I said 'pitch') A show about whores and prostitutes is coming on, so I gotta go.
